UNTIL 3:00 PM

SWIM DAY INFORMATION

1. Everyone needs to have a swim suit and towel.
2. Each unit must have adult males present in the locker room area to help supervise before and after your scheduled swim time.
3. Have your unit ready to swim 15 minutes prior to your scheduled time on the pool deck, this way we can register all of the swimmers, review the rules one time and get all into the pool in a timely and orderly fashion.
4. Assign one adult to be in charge of registration and payment for your unit.
5. Plan to have adults ready to help out and have fun in the water as you know your scouts names and the staff does not, and nametags are not an option in this event.
6. This is a chance for all to work on their swimming requirements, learn some basics about swimming or just have fun. Certified instructors and lifeguards are on hand to make this happen.
7. Tiger cubs are to participate in this event only at the designated time and with a partner.
8. No siblings will be allowed on the pool deck or into the pool.
9. Boy scouts need to bring an extra set of clothes to go into the pool with if they want to complete this requirement, we will not provide these.
10. No street shoes allowed on the deck area. If you need to be on the deck area please remove your shoes in the locker room.
11. Instructors have the final say as to which area scouts will be allowed to swim in. If they determine that a scout does not have the proper skills to pass the rank requirements they are working on they can send them to another area to have fun. Their word is final as safety is of the most importance in this event.
12. Have fun and be safe.
